Wilmington Chamber Announces Free Seminars on Workplace Safety

Wilmington, NC, October 1, 2013 – “We are doing this for the benefit of our entire community,” noted Wilmington Chamber of Commerce President and CEO Connie Majure-Rhett, as she announced an upcoming seminar on workplace safety that will be available at no cost to any interested organizations in the Wilmington area.

“Many organizations are not sure what they need to do to protect themselves and their workers. They are also not always sure what liabilities might be associated with their choices. We want to share ideas and best practices with them with the assistance of the Castle Branch, Inc. team,” Majure-Rhett continued.

Castle Branch, Inc., a Wilmington based company, is the nation's tenth largest employment screening solutions and compliance tracking company providing solutions related to background screening, drug testing, employment verification, certified records review, document management and other related compliance tracking services.
